addressing the
emotional and
physical
healthcare
needs of
teenagers

Teen Health Clinic

No longer a child. Not yet an adult.

Your teenager is at a pivotal point in life.

When it comes to health issues, sexuality, drugs, peer choices, we offer support and a place for teenagers to ask questions, get answers and find help.

Alcohol
Domestic violence
Driving
Drugs
Education
Exercise
Friendships

Gambling
Jobs
Nutrition
Party guidelines
Relationships
Sex education
